

KASSENA PLAIN TABLE

Recycled bronze

Design by Noé Duchaufour-Lawrance

Height	35	cm
Lenght	96	cm
Width	56	cm

Each piece is handmade from recycled metals in Burkina Faso and finished in France. Bronze is a living material and oxidizes with age and environment which makes its beauty. Variations, stains and imperfections in the texture finishes are part of the artisanal process Maison Intègre is vividly supporting.
