

RETRO LAMP  
 Recycled bronze  
 Design by Noé Duchaufour-Lawrance

Height	37	cm
Lenght	38	cm
Width	9	cm

Each piece is handmade from recycled metals in Burkina Faso and finished in France. Bronze is a living material and oxidizes with age and environment which makes its beauty. Variations, stains and imperfections in the texture finishes are part of the artisanal process Maison Intègre is vividly supporting.
