

# WAX LANDSCAPE

Recycled bronze  
Design by Ambre Jarno

Height	14 to 55	cm
Lenght	20 to 35	cm
Width	0,5	cm

Each piece is handmade from recycled metals in Burkina Faso and finished in France. Bronze is a living material and oxidizes with age and environment which makes its beauty. Variations, stains and imperfections in the texture finishes are part of the artisanal process Maison Intègre is vividly supporting.
